

Public license with attribution and conditions reserved¹

By exercising the Licensed Rights (as defined below), you accept and agree to be bound by the terms and conditions of this license ("Public License"). To the extent that the Public License may be considered a contract, you are granted the Licensed Rights as a consideration for your acceptance of the terms of such agreement. The Licensor grants you such rights subject to the benefits that the Licensor derives from providing access to the Licensed Material under these terms.

Section 1 - Definitions.

- a. **Adapted Material** means material protected by Copyright and other Related Rights that is derived from or based on Licensed Material and that contains a translation, modified version, arrangement, transformed version or other reworking of Licensed Material in a way that requires permission from Licensor under Copyright and other Related Rights. For the purposes of this Public License, if the Licensed Material is a musical work, performance or phonogram, synchronization of such Licensed Material with a moving image always generates "Adapted Material".
- b. **License to the Adapted Material** means the license that you apply with respect to the Copyright and other Similar Rights to your contribution to the creation of the Adapted Material under the terms of this Public License.
- c. **Copyright and other Related Rights (copyright and related rights)** means copyrights and/or other similar rights closely related to copyrights, including, but not limited to, performance rights, broadcasting organization transmission rights, phonograms, and Sui Generis Rights in Databases, regardless of how the rights are labeled or classified. For purposes of this Public License, the rights set forth in Section 2(b)(1) and (2) are not the Copyright AND Other Similar Rights.
- d. **Effective Technical Measures** means measures which, in the absence of adequate authority, cannot be circumvented by legislation intended to fulfill obligations under Article 11 of the World Intellectual Property Organization (WIPO) Copyright Treaty adopted on December 20, 1996 and/or other similar international agreements.
- e. **Exceptions and Limitations** means the free use of and/or any other exceptions to, or limitations on, Copyright AND Other Similar Rights that apply to your use of the Licensed Material.
- f. **License Elements** means the attributes of the license listed in the name of the Public License. Elements of the License are: with attribution and with conditions reserved.
- g. **Licensed Material** means a work of art or literature, a database or other material with respect to which the Licensor has applied the Public License.
- h. **Licensed Rights** means the rights granted to you under the terms of this Public License to the extent limited to all Copyrights AND Other Similar Rights that apply to your use of the Licensed Material and that Licensor may grant to you.

Section 2 - Scope of License.

a. License Grants.

1. Under the terms of this Public License, Licensor grants You a worldwide, royalty-free, non-sublicensable, non-exclusive, irrevocable license to exercise the Licensed Rights in the Licensed Material by:
 - A. reproducing and making available the Licensed Material in whole or in part; and
 - B. creation, reproduction and provision of the Adapted Material.
2. Exclusions and limitations For the avoidance of doubt, if Exceptions and Limitations apply to your use of the Licensed Material, this Public License does not apply and you are not bound by its terms.
3. License term. This Public License is valid for the term set forth in paragraph (a) of Section 6.
4. Media and formats: permission to make technical changes. Licensor grants you the right to exercise the Licensed Rights using all known media and formats as well as media and formats to be created in future, and to make any necessary technical changes for this purpose. Licensor waives and/or agrees not to exercise any right or power to prohibit You from making technical changes necessary to exercise the Licensed Rights, including technical changes necessary to circumvent Effective Technical Measures. For the purposes of this Public License, changes authorized in Section 2(a)(4) do not constitute the creation of Adapted Material.
5. Subsequent recipients.
 - A. Offer from the Licensor - Licensed Material. Each recipient of the Licensed Material automatically receives an offer from Licensor to exercise the Licensed Rights under the terms of this Public License.
 - B. Additional Offer from the Licensor - Adapted Material. Each recipient of the Adapted Material from you automatically receives an offer from Licensor to exercise the Licensed Rights in the Adapted Material in accordance with the terms of the Adapted Material License applicable to you.
 - C. No restrictions on subsequent use. You may not offer or impose any additional or different terms or conditions or use Effective Technical Measures on Licensed Material if doing so would restrict the exercise of the Licensed Rights by any recipient of the Licensed Material.
6. No approvals Nothing in this Public License shall constitute or be construed as authorization to state or imply that you, or your use of the Licensed Material, is in any way affiliated with,

financially endorsed by, or has any official status with, Licensor or other persons designated by Licensor for attribution as set forth in subparagraph (i)(A)(1) of Section 3(a).

b. Other rights

1. Personal non-property rights, such as the right to inviolability of the work, and rights of publicity and portrayal, privacy, or other similar personal rights, are not granted under this Public License. However, to the maximum extent possible, the Licensor waives or agrees not to exercise any such rights owned by Licensor to the extent necessary to permit You to exercise the Licensed Rights, but not otherwise.
2. Patent rights and rights in trademarks and service marks are not granted under this Public License.
3. To the extent possible, the Licensor waives any right to receive compensation from You for Your exercise of the Licensed Rights, whether directly or through any collective management organization or any voluntary, mandatory governmental or compulsory licensing system. In all other cases, the Licensor retains the right to receive such remuneration.

Section 3 - License Terms.

You may exercise the Licensed Rights only subject to the following conditions.

a. Indication of authorship.

1. If you submit the Licensed Material (including in modified form), you must:
 - A. retain the following information, if provided by Licensor along with the Licensed Material:
 - i. information about the creator(s) of the Licensed Material, and any other persons designated by Licensor as having the right to attribute, in any reasonable manner, at Licensor's request (including using a pseudonym, if any);
 - ii. copyright notice;
 - iii. notice of use of this Public License;
 - iv. notice of disclaimer of warranties;
 - v. Uniform Resource Identifier (URI) or a hyperlink to the Licensed Material, to the extent practicable;
 - B. indicate if you have made changes to the Licensed Material, and retain an indication of any previous changes; and
 - C. specify that the Licensed Material is provided under the terms of this Public License and provide the text, or a Uniform Resource Identifier (URI), or hyperlink to this Public License.
 2. You may comply with Section 3(a)(1) in any reasonable manner, depending on the medium, manner, and context in which you submit the Licensed Material. For example, it is considered reasonable to meet this condition by specifying a Uniform Resource Identifier (URI) or a hyperlink to a resource that contains the required information.
 3. Upon request by Licensor, you must, to the extent practicable, remove any of the information set forth in subparagraph (A)(1) of paragraph (a) of Section 3.
- b. Subject to conditions.**

In addition to the terms in Section 3(a), if you submit Adapted Material that you create, the following terms also apply.

1. The Adapted Material License that you apply must be a license with the same License Elements, this version or a later version, or a BY-SA-compatible license.
2. You must include text, a Uniform Resource Identifier (URI) or a hyperlink to the Adapted Material License you are applying. You may comply with [Section 3\(a\)\(1\)](#) in any reasonable manner, depending on the medium, manner, and context in which you submit the Licensed Material.
3. You may not offer or impose any additional or different terms or conditions, or apply any Effective Technical Measures to the Adapted Material, that restrict the exercise of the rights granted under the Adapted Material License that you apply.

Section 4 - Sui Generis Rights to Databases.

If the Licensed Rights include the Sui Generis Rights to the Databases that apply to your use of the Licensed Material:

- a. For the avoidance of doubt under Section 2(a)(1), you are granted rights to extract, reuse, reproduce, and make available all or a substantial portion of the contents of the database;
- b. if you incorporate all or substantially all of the Database Content into a database over which you have Database Content Rights, in which case the database over which you have Database Content Rights (but not portions of it) is Adapted Material, including for the purposes set forth in Section 3(b); and
- c. You must comply with the terms set forth in Section 3(a) if you submit all or substantially all of the content in the database.

For the avoidance of doubt, this Section 4 supplements and does not supersede your obligations under this Public License if the Licensed Rights include other Copyrights AND Other Similar Rights.

Section 5 - Disclaimer of Warranties and Limitation of Liability.

- a. **Unless otherwise specifically agreed by Licensor, to the extent possible, Licensor offers Licensed Material on an "as is" basis and as such material exists, and makes no representations or warranties with respect to Licensed Material, express, implied, statutory or otherwise, including, without limitation, the warranties of title, merchantability, fitness for a particular purpose, non-infringement, absence of latent or other defects, accuracy, or the presence or absence of errors, whether known or unknown, or whether detectable or not. If the disclaimer of warranties is not authorized in whole or in part, the disclaimer may not apply to you.**
- b. **To the extent possible, the Licensor shall not be liable to You under any legal doctrine (including but not limited to negligence) for any direct, special, indirect, incidental, consequential or other damages, losses, costs, expenses or damages whatsoever resulting from the use of this Public License or the Licensed Material, even if the Licensor has been advised of the possibility of such costs, expenses or damages.**
- c. The disclaimer of warranties and limitation of liability set forth above shall be construed so as to be consistent with the absolute disclaimer of warranties and disclaimer of any liability to the maximum extent permissible.

Section 6 - Term and Termination.

- a. This Public License is valid for the term of the Copyright AND Other Similar Rights granted under this Public License. If you fail to comply with any term of this Public License, your rights under this Public License automatically terminate.
- b. If your right to use the Licensed Material is terminated pursuant to paragraph (a) of Section 6, it is considered reinstated:
 1. automatically at the time you correct the violation, if the violation is corrected within 30 days of its discovery; or
 2. in case of an explicit decision by the Licensor to restore the right.

For the avoidance of doubt, Section 6(b) does not affect any right of Licensor to seek remedies for violations of this Public License by you.

- c. To avoid ambiguity, the Licensor may also offer the Licensed Material under different licensing terms or stop distribution of the Licensed Material at any time; however, this does not terminate the Public License.
- d. Sections 1, 5, 6, 7 and 8 shall survive the termination of this Public License.

Article 7 Miscellaneous

- a. The Licensor shall not be bound by any additional or different terms communicated by you without its express consent.
- b. Any additional arrangements or understandings concerning the Licensed Material that are not specified in this Public License are separate and independent from the terms of this Public License.

Section 8 - Interpretation.

- a. For the avoidance of doubt, this Public License may not and shall not be construed to reduce, limit or impose conditions on any use of the Licensed Material that may be lawfully made without the permission granted hereunder.
- b. If any provision of this Public License is held to be unenforceable, it shall, to the extent possible, be automatically corrected to the minimum extent necessary to make such provision enforceable. If such a provision cannot be corrected, it must be deleted from the text of this Public License without prejudice to the validity of the remaining provisions of the license.
- c. No term or provision of this Public License shall be deemed waived, and no breach shall be deemed agreed to, unless the Licensor expressly agrees to such waiver or breach.
- d. No term or provision of this Public License is or shall be construed as a limitation or waiver of any of the privileges and immunities applicable to Licensor and/or to You, including a waiver of any legal process in any jurisdiction or subjurisdiction.
